## DISCLAIMERS

All information and recommendations provided herein, including models and Gcode (the "**Recommendations**") are subject to the limitations set forth below.

The Recommendations were prepared based on estimations and certain assumptions and the actual results may vary substantially. Customer is advised to make all independent examinations and verifications, and may not rely on the Recommendations. All Recommendations are provided "as is" with no warranty or assurance as to accuracy or correctness. Massivit shall not be liable in any manner with respect to the Recommendations.

The Recommendations do not take into account any local rules and regulations and/or any safety aspects, and it is the customer's responsibility to consider all such aspects and consult with a safety expert if required.

All models and Gcodes contained herein were designed assuming the printer is duly maintained, operated by a trained operator, using only Massivit printing gel and high quality finishing materials suitable for that purpose.
